at the beginning of the twenty first century we may be in a transnational moment increasingly aware of the ways in which local and national narratives in literature and elsewhere cannot be conceived apart from a radically new sense of shared human histories and global interdependence to think transnationally about literature history and culture requires a study of the evolution of hybrid identities within nation states and diasporic identities across national boundaries studies addressing issues of race ethnicity and empire in us culture have provided some of the most innovative and controversial contributions to recent scholarship postcolonial theory and the united states race ethnicity and literature represents a new chapter in the emerging dialogues about the importance of borders on a global scale this book collects nineteen essays written in the 1990s in this emergent field by both well established and up and coming

scholars almost all the essays have been either especially written for this volume or revised for inclusion here these essays are accessible well focused resources for college and university students and their teachers displaying both historical depth and theoretical finesse as they attempt close and lively readings the anthology includes more than one discussion of each literary tradition associated with major racial or ethnic communities such a gathering of diverse complementary and often competing viewpoints provides a good introduction to the cultural differences and commonalities that comprise the united states today the volume opens with two essays by the editors first a survey of the ideas in the individual pieces and second a long essay that places current debates in us ethnicity and race studies within both the history of american studies as a whole and recent developments in postcolonial theory

a state of the art portrait of the field of american studies its interests and methodologies its interactions with the social and cultural movements it describes and attempts to explain and a compendium of likely directions the field will take in the f

essays challenging conventional narratives of filipino american history and culture

japan s surprise attack on pearl harbor in 1941 was the beginning of the united states battle with japan during world war ii in the months following the attack japan was successful in a series of victories throughout southeast asia and the western pacific then from may 1942 to october 1943 the japanese and the united states engaged in a series of fierce clashes in the southwest pacific both the u s and japanese forces were evenly matched and their troops fought one another to exhaustion this engrossing book looks at the war with japan focusing on this period of balance between american and japanese forces the war with japan explains how the battles fought in the coral sea in may and off midway islands in june 1942 represented the first engagements that were not the result of decisions made by the japanese before the outbreak of war both the u s and japanese had to consider their next moves in a strategic situation that was much like a gun lying in the street it was there for either side to pick up and use h p willmott examines the conflict in this context the campaigns that raged in the lower solomons and along the kakoda trail for control of eastern new guinea along with the ferocious battles in the coral sea and off midway islands were the turning point of the war in the pacific the fight for control of guadalcanal saw the imperial navy and u s navy fight one another and themselves until they were completely spent but between february and october 1943 the americans gained a critical edge when the u s navy took delivery of the first of the massive warships that were to carry the fighting to the japanese home islands after november 1943 this strong u s fleet built during the period of hostilities outfought the japanese navy the war with japan explores all these aspects of japanese defeat this fascinating probe into the war with japan is ideal for all readers who are interested in military history and world war ii

the oxford handbook of asian american history brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this

diverse and vibrant area the chapters trace asian american history from the beginning of the migration flows toward the pacific islands and the american continent to japanese american incarceration and asian american participation in world war ii from the experience of exclusion violence and racism to the social and political activism of the late twentieth century the authors explore many of the key aspects of the asian american experience including politics economy intellectual life the arts education religion labor gender family urban development and legal history
