one of his very few built projects in the americas maison curutchet is a fascinating
representation of le corbusier s stylistic transitional period bridging his late 1920s
purism and the maturity of his later work in india like casa malaparte this book offers
an in depth analysis of a single building through original documents drawings and
photographs

esta investigación trata de ser una reflexión crítica sobre la concepción androcéntrica dominante en la historia de la arquitectura occidental para ello he querido manifestar el vínculo entre arquitectura género y política entrelazándolos para analizar la idea de espacio se trata de repensar el espacio bajo una nueva mirada la del género es decir a través de las diferencias culturales entre hombres y mujeres ya que como sexo se entiende las diferencias biológicas este libro trata de ir contra la pasividad y el silencio impuestos a las mujeres procurando así destruir ideológicamente el lugar y espacio que éstas ocupan lugar impuesto con un proceso ideológico transmitido por los hombres a la humanidad a través de la cultura el arte y la arquitectura entre otras manifestaciones si bien el espacio no tiene sexo su valoración se hace a través de quien hace uso de él el espacio no es neutral y denota quién y cómo lo ocupa además de estar relacionado con el poder económico cultural y social mónica cebedío es arquitecta por la facultad de arquitectura y urbanismo de la universidad nacional de la plata y doctora por la universidad politécnica de cataluña

this innovative volume brings together international design scholars to address the history and present day status of national and international design organizations working across design disciplines and located in countries including argentina turkey estonia switzerland italy china and the usa in the second half of the 20th century many non governmental organizations were created to address urgent cultural economic and welfare issues design organizations set out to create an international consensus for the future direction of design this included enhancing communication between professionals educators and practitioners raising standards for design and creating communities of designers across linguistic national and political borders shared needs and agendas were identified and categories of design constantly defined and re defined often with overt cultural and political intents drawing on an impressive range of original research archival sources and oral testimony this volume questions the aims and achievements of national and international design organizations in light of their subsequent histories and their global remit the cold war period is central to the book while many chapters draw on post colonial perspectives to interpret how transnational networks and negotiations took place at events and congresses and through publication
