the prophecy puzzle is a study on the whole book of revelation not just end time events but as the title suggests it does go into great detail on these events and the order in which they will occur i attempt to bring many of the prophecies of the old testament into the book of revelation to give a clearer and perhaps surprising view of what is to occur in the near future my goal isn t to win everyone to my viewpoint but to encourage thought and provide an opportunity for god to teach from his holy word the bible i ve been a christian for more than twenty years which in itself has been a great blessing but one of the greatest blessings during this time has been the occupations the lord has provided for me this is true because for most of that time i ve been able to listen to five or six hours of christian radio a day this has enabled me to listen to the teachings of some of the finest teachers in modern times many of which disagree with each other almost as much as one can and still remain orthodox this unique privilege has allowed me to study many views on the end times which i believe has enabled me with god s help to understand them better also over these

past twenty plus years i ve had the privilege to directly study under some great teachers for much of those twenty years i ve also taught a home bible study and frequently taught classes in my local church

yahweh the lord god and his son yahshuah jesus christ made statements with regard to eschatology that have been spiritualized for over a millennium which has led to the belief in universalism the belief that yahshuah died for everyone well after one studies the original languages of the hebrew aramaic and greek the message of the kingdom of god was preached to and accepted by a certain house in the bible the other house rejected this message and yahshuah punished that house by taking the kingdom away from them and giving it to another nation bringing forth fruit there are only the house of israel the house of judah and the house of david mentioned in the bible all three existed then as they do today however most of today s babylonian priesthood churchianity refuses to accept the secular historical position with regard to the house of israel and who they are today the people groups which yahweh and yahshuah addressed still exist today however these people are all mixed up and known by different names but they do exist this book goes back to the origin of these people groups in the bible and brings them forward to the present using their old names in order to understand eschatology this brings us to the major question of is the bible only about israel and if so how does it affect our eschatology today this book answers these hard questions

this monograph explores the topic of eschatological violence in pentecostal biblical interpretation of ezek 36 16 39 29 rev 19 11 21 and rev 20 7 10 by reviewing pentecostal reception history of these texts considering the influence of classical dispensationalism on pentecostal biblical interpretation and eschatology this study offers a peace reading that aligns with both early pentecostal writers and contemporary pentecostal scholars whose

eschatology departs from classical dispensationalism this monograph builds a case for envisioning a hopeful and proleptic premillennial eschatology that emphasizes the peace and reconciliation of the gospel more than end times war and violence

this is an intensive review of what the apostle paul calls the most important chapter in the bible 1 corinthians 15 without it we are of all men most miserable did jesus really rise from the dead how do we know do we really believe it what kind of body did he have why did they have trouble recognizing him how do we now know that we live within a digital virtual environment which is but a shadow of a larger reality what are the implications of that larger reality what is the relationship between the twinkling of an eye and planck s constant for time 10 43 seconds do you have your passport for the transit that s coming are you really ready

are there more than four dimensions to physical reality is it possible to traverse time as well as space is there a reality beyond our traditional concepts of time and space the startling discovery of modern science is that our physical universe is actually finite scientists now acknowledge that the universe had a beginning they call the singularity from which it all began the big bang while the detail among the many variants of these theories remain quite controversial the fact that there was a definite beginning has gained widespread agreement this is of course what the bible has maintained throughout its 66 books

dr chuck missler a widely recognized biblical authority updates his classic study of christmas for 2007 he explores the background and myths surrounding our favorite holiday what really happened in bethlehem two thousand years ago who were the magi why a virgin birth what does a christmas tree have to do with it each year at christmas we celebrate the birth of jesus christ after the new year we struggle to remember to add a year as we date our checks which should remind us that the entire western world reckons its calendar from the birth of the one who changed the world more than any other before or since it is disturbing to discover that much of what we have been taught about the christmas season seems to be more tradition than truth santa claus isn t the only myth or legend that has arisen out of this season on what loophole does the messianic hope rest

when did satan fall we know that the angels were created prior to the earth we find satan had already fallen in genesis 3 the mystery is when did he fall it appears that there are substantial scriptural references to his rebellion his agenda and the subsequent catastrophic judgment that ensued this raises the whole issue of the origin of evil and why hasn t god simply wiped him and sin out completely it is also disturbing to recognize that satan tempted jesus by offering him the kingdom power and the glory in the temptations recorded in luke 5 how could satan lay a legitimate claim to these
