in the living signature the body s power to heal and the question of design science and spirit converge in a captivating exploration of the human body as more than mere biology drawing from

philosophy theology medicine and biology this book challenges the view that life is the product of blind chance from the cellular dance of regeneration to the breathtaking orchestration of body systems it reveals signs of purpose woven into the fabric of life itself for the scientist the skeptic and the seeker alike this is an invitation to see the body not just as alive but as alive with meaning i will praise thee for i am fearfully and wonderfully made wrote a grateful king david in psalm 139 three thousand years ago he didn t know the half of it in this marvelous book dr octavian caius obeada focuses on the marvelous ability of life to regenerate and heal itself surveying what philosophers and theologians throughout the ages have surmised and detailing the intricate molecular mechanisms that have been discovered by scientists only in recent decades the result is a tour de force showcasing the intelligent design of life michael j behe phd professor of biological sciences at lehigh university in pennsylvania and a senior fellow at discovery institute s center for science and culture and author of darwin s black box the living signature by dr octavian caius obeada is a profound exploration of the human body s regenerative capacity framed as both a scientific marvel and a philosophical clue to purposeful design drawing on decades of medical experience and insights from biology theology and systems thinking the book challenges reductionist views by asking whether healing is merely mechanical or a message of intention with compelling case studies and a multidisciplinary lens this work invites readers to see the human body not as an accident but as a living signature of meaning and design adrian anthony dormans md faafp from skin and bone to organs and dna the regenerative capabilities of the human body are not only astonishing they hint at something deeper the living signature lays out thoughtful well researched reflections and challenges you to consider whether the complexity and order we see in ourselves could truly be the product of blind chance or the body itself is whispering something about its origin a message not of randomness but of meaning costiuc alexandru m d specialist in gastroenterology regina maria romania resident physician in family medicine university of oradea

the group of papers presented in this volume represents ten years of involvement of a group of eight core therapists working originally with approximately forty families who suffered the loss of husbands and fathers on september 11 2001 the project focuses on the families of women who were pregnant and widowed in the disaster or of women who were widowed with an infant born in the previous year this book maps the support and services provided without cost to the families by the primary prevention project the september 11 2001 mothers infants and young children project organised by a highly trained group of therapists specialising in adult child mother infant and family treatment as well as in nonverbal communication the demands of the crisis led these

therapists to expand on their psychoanalytic training fostering new approaches to meeting the needs of these families they sought out these families offering support groups for mothers and their infants and young children in the mothers own neighbourhoods they also brought the families to mother child videotaped play sessions at the new york state psychiatric institute at columbia university followed by video feedback and consultation sessions in 2011 marking the 10th anniversary of the world trade center tragedy the project continues to provide services without cost for these mothers who lost their husbands for their infants who are now approximately ten years old and for the siblings of these children this book was originally published as a special issue of the journal of infant child and adolescent psychotherapy
