the muse a non sense need of illusions we are looking for inspiration all around till we find out that the inspiration is just not coming we look all around we are  
looking for something or someone that can give us a great vibe everyday and one day we believe we found that we are looking for she is the muse all great people  
from history great artists politicians leaders writers poets businessmen all of them at one point they had an amazing muse that inspired them at a great dream the muse  
gave them the confidence of believing in themselves and they always thought that the inspiration came from that person but inspiration is actually coming from the  
universe and represent the connection between us and divinity the muse is not the divinity but maybe being in such a story we understand how we can connect to the  
infinite but can we the ordinary people learn to connect to then universe just as a monk does it without any love story can we find this power in ourselves to find that

greatness without the help of a loved muse what is her sense is she the one that reveals the beauty and the huge powers locked in our spirits can the secret of greatness comes just by having a love story or we should start studying how a monk is using his powers to understand the laws of the universe just by connecting to himself and then to the infinite a muse looks like a non sense illusion but all great people used the trick to connect to the universe this way maybe the need of a muse is just a preliminary stage before you understand that in fact everything is in yourself the muse is only the one that is whispering you the great secret about yourself that you are an amazing human being and that you can be whoever you dream to be the muse is indeed an illusion a beautiful one but one day you will just understand that everything you need is already in yourself the real non sense that you should analyze and focus a lot on it is why we don t believe in ourselves and why we need this adorable person to whisper beautiful words to us when we can think as a monk just think about it
