linguists researchers and other practitioners in language education acknowledge that the resolution of language problems associated with breaking down language and cultural barriers that hinder the growth of learners self identities and national identities is ongoing in fact even with decades of research in home language use in the classroom there are still classrooms worldwide where learners are deprived of the opportunity of building their self esteem confidence and autonomy by communicating with their native language the global nature of communication requires speakers to use all the languages in their repertoire effectively thus reinforcing the need to encourage home language use in classrooms transformative pedagogical perspectives on home language use in classrooms is a cutting edge research publication on the effective use of home language in the classroom that emphasizes the significance of this activity to the success of the overall language development of the learner particular attention is given to transformative pedagogy and the provision of valuable insights into how the teacher can guide

and assist learners in the development of critical thinking skills in addition the book provides content that enables practitioners in language education and parents to explore their roles in assisting children in breaking down the language and cultural barriers that hinder the growth of their self identity and national identity highlighting topics such as engineering education cultural responsiveness and transformative pedagogy this book is essential for linguists academicians education professionals curriculum designers policymakers administrators instructional designers researchers and students

it is no surprise that christians have long been involved in education the quest for human flourishing and wholeness is at the heart of the gospel and education is critical to that quest good education has the power to transform our relationships with ourselves with each other with and within communities and ultimately between nation states but what is surprising is our theological silence in the face of the deep injustices which lie at the heart of our education system in inequality and flourishing mariama ifode blease explores and exposes these inequalities and calls for a greater remembrance of the bountiful and daunting gift of stewardship we have as we educate young people drawing on interviews she offers a fresh vision of education as being about giving children the best tools to be stewards of their minds and bodies our communities and ultimately our planet
