the story of samu the snow leopard and her cub little ka who search for safety in the mountains of nepal

a stunning visual and personal journey in search of the iconic big cat the snow leopard the snow leopard known as the ghost of the mountains is an elusive predator that has captured the human imagination for eons yet by nature secretive living at altitudes of up to 19 000 feet in one of the world s harshest environments it is notoriously difficult to see those lucky enough to encounter one speak of the experience as momentous transformative even spiritual in this handsomely illustrated eloquent book published in partnership with the snow leopard conservancy world renowned wildlife photographers naturalists and conservationists take the reader closer than most humans will ever get to knowing snow leopards and understanding why these beautiful big cats have for so long been considered the most mysterious of all more than 130 breathtaking photographs all taken in the wild and none with camera traps accompany personal narratives and anecdotes that convey the experience of learning to see the patient pursuit following the tracks and other sign for a momentary glimpse an unexpected encounter watching the predator hunt a magical moment with a mother and her cubs a special seek and find section challenges readers to spot the snow leopard to discern camouflage from rock and snow the text also relates the natural history of the snow leopard its cultural significance and place in lore its interactions with local peoples and information about its conservation royalties from the sales of searching for the snow leopard support the snow leopard conservancy and its programs

a rare snow leopard runs gracefully over the snow its large paws keep it from sinking into the drifts a long fluffy tail keeps it balanced atop high rocks young readers will love this colorful title about one of the world s most mysterious mountain predators with action packed photos easy to read text maps and infographics highlighting adaptations this low level book is sure to delight

told largely by ladakhis themselves and compiled by the primary author in the course of several journeys with her two ladakhi co authors who are rangers for hemis national park the tales illustrate contemporary life of ladakhis and snow leopards in the park the purposes of the tales include support the conservation of hemis national park in ladakh india contribute information on the natural history of the snow leopard preserve ladakhi traditional stories and songs related to the park that are at risk of being lost and provide an example for other parks of how their human and non human populations could approach living together sustainably

who should bear the cost of protecting charismatic wildlife following the downgrading of the snow leopard s status from endangered to vulnerable by the international union for conservation of nature in 2017 debate has renewed about the actual number of snow leopards in the wild and the most effective strategies for coexisting with these enigmatic animals evidence from pakistan

and other countries in the snow leopard's home range shows that they rely heavily on human society domestic livestock accounts for as much as 70 percent of their diet maintaining that the snow leopard is a wild animal conservation NGOs and state agencies have enacted laws that punish farmers for attacking these predators while avoiding engaging with efforts to mitigate the harms suffered by farmers whose herds are reduced by snow leopards this ethnography examines the uneven distribution of costs and benefits involved in snow leopard conservation and shows that for the conservation of nature to be successful the vision interests and priorities of those most affected by conservation policies in this case local farmers must be addressed a case history of project snow leopard in the mountains of northern Pakistan which inspired similar programs in India Bhutan Nepal Mongolia Afghanistan and Tajikistan describes how the animal's food habits are studied how elusive individuals are counted and how a novel kind of snow leopard insurance has protected the species by compensating farmers for livestock losses the snow leopard and the goat demonstrates that characterizing this conflict as one between humans farmers and wildlife snow leopards is misleading as the real conflict is between two human groups farmers and conservationists who see the snow leopard differently

a simple introduction to the characteristics of snow leopards

a stunning visual and personal journey in search of the iconic big cat the snow leopard the snow leopard known as the ghost of the mountains is an elusive predator that has captured the human imagination for eons yet by nature secretive living at altitudes of up to 19 000 feet in one of the world's harshest environments it is notoriously difficult to see those lucky enough to encounter one speak of the experience as momentous transformative even spiritual in this handsomely illustrated eloquent book published in partnership with the snow leopard conservancy world renowned wildlife photographers naturalists and conservationists take the reader closer than most humans will ever get to knowing snow leopards and understanding why these beautiful big cats have for so long been considered the most mysterious of all more than 130 breathtaking photographs all taken in the wild and none with camera traps accompany personal narratives and anecdotes that convey the experience of learning to see the patient pursuit following the tracks and other sign for a momentary glimpse an unexpected encounter watching the predator hunt a magical moment with a mother and her cubs a special seek and find section challenges readers to spot the snow leopard to discern camouflage from rock and snow the text also relates the natural history of the snow leopard its cultural significance and place in lore its interactions with local peoples and information about its conservation royalties from the sales of searching for the snow leopard support the snow leopard conservancy and its programs
