building on children's natural inclinations to pretend and reenact play therapy is widely used in the treatment of psychological problems in childhood. 101 favorite play therapy techniques incorporates methods developed to elicit the best responses from children by therapists representing cognitive behavioral, psychodynamic and other orientations and selected for their practicality, specificity and originality arranged for easy reference each bearing a succinct description and targeted application. The interventions illustrated including fantasy, storytelling, expressive arts, game play, puppet play, play toys and objects and group play have been used with success to address such common problems as low self-esteem and unresolved fear and anger as well as more serious difficulties arising from loss, abuse and sexual trauma. All the contributors share the enthusiasm and respect of editors Kaduson and Schaefer for the special value of play therapy in reaching and healing young patients. Together they have created an eclectic, accessible and comprehensive resource for students and professionals that will also support parents seeking to open new lines of communication with their children. A Jason Aronson book.

separated into seven categories for easy reference the techniques within each chapter are applied to practice situations in a concise format for easy reference and use. The interventions illustrated include storytelling to enhance verbalizations in children, expressive art to promote children's coping ability by using various art mediums, game play to help children express themselves in a playful environment, puppet play to facilitate the expression of conflicting emotions, play toys and objects to demonstrate the therapeutic use of various toys and objects in the playroom, group play to offer methods and play techniques for use in group settings and other to provide miscellaneous techniques that are useful in many settings. This book is a response to the evident need of clinicians for easy to use play therapy techniques, a welcome addition to the earlier collection. It is designed to help children enhance verbalization of feeling, manage anger, deal with loss and grief and heal their wounds through the magic of play therapy. Clear and marvelously simple this manual will be an invaluable addition to any professional's or student's library. A Jason Aronson book.
