written in clear nontechnical language and filled with lively historical and cultural highlights this comprehensive reference work is a scientifically grounded yet thoroughly readable introduction to depressive disorders what distinguishes normal everyday emotional swings from debilitating clinically identified depression what are the defining symptoms manifestations and treatments what is life like for people suffering from depression and for those who care for them the encyclopedia of depression is for all those needing answers to questions like these individuals families health professionals or anyone fascinated by this pervasive condition written in clear nontechnical language and highlighting fascinating historical and cultural perspectives on the topic this two volume resource presents a complete contemporary portrait of depressive disorders summarizing the latest scientific medical and societal thinking on a wide variety of depression related topics coverage includes causes risk factors symptoms diagnosis and prevention and a wide range of treatment options including psychotherapy medication biological treatments alternative therapies and lifestyle approaches in addition the encyclopedia discusses historical and cross cultural perspectives on the condition including the dramatic shifts in public awareness and cultural attitudes toward the disease and the devastation it can cause

longlisted for the baillie gifford prize 2023 a new york times daily telegraph economist mail on sunday and guardian book of the year from the dawn of life itself every being that has ever lived owes its existence to the cell will leave you in awe guardian the discovery of this vital form led to a transformation in medicine but also in our understanding of ourselves not as bodies or machines but as ecosystems it has also given us the power to treat a vast array of mortal maladies and even to create new kinds of human altogether rich with stories of scientists doctors and the patients whose lives may be saved by their work the song of the cell is a stunning ode to the building blocks of life and the cutting edge science harnessing their power for the better profound as big a topic as life itself the times medical magic daily telegraph vast important optimistic mail on sunday

hungry is an excellent text about people s methods of adapting to modern life it encompasses psychology generational identities and

marketing in its considerations of contemporary society foreword reviews we wait in lines around the block for scoops of cookie dough we photograph every meal we visit selfie performance spaces and leave lucrative jobs to become farmers and craft brewers why what are we really hungry for in hungry eve turow paul provides a guided tour through the stranger corners of today s global food and lifestyle culture how are 21st century innovations and pressures are redefining people s needs and desires how does foodie culture along with other lifestyle trends provide an answer to our rising rates of stress loneliness anxiety and depression weaving together evolutionary psychology and sociology with captivating investigative reporting from around the world turow paul reveals the modern hungers physical spiritual and emotional that are driving today s top trends the connection between the death of the cereal industry and access to work email on our smartphones how posting images of our dinners on social media both fulfills and feeds our hunger for human connection in an increasingly isolated world the ways diet tribes and boutique fitness gyms substitute for organized religion how access to round the clock news relates to the blowback against gmo foods wellness retreats astrology plant parenthood and other methods of easing modern anxiety why eating local might be the key to solving not just climate change but our current global sense of disconnection from gluten free and paleo diets to meal kit subscriptions and from mukbang broadcast jockeys to craft beer hungry deepens our understanding of why we do what we do and helps us find greater purpose and joy in today s technology altered world

are you concerned or frustrated with the choices your child makes when it comes to their peer groups study habits and use of social media do you feel your child is pushing you away and your connection is weakening are you unsure of the next steps you should take to help your child succeed a whole new set of parenting concerns arise during tween and teenhood that can be overwhelming for any parent the ultimate guide to raising teens and tweens offers a step by step plan for raising your adolescent through this tumultuous time douglas haddad provides specific proven tools for you to help your child become a problem solver and grow to be smart successful and self disciplined in the ultimate guide to raising teens and tweens you will discover the secrets of effective communication with your child learn the techniques to stop behavior problems right in their tracks when they happen know the strategies to best motivate your child and unlock their potential find out how to set appropriate limits and hold your child accountable for their actions understand today s child limiting

challenges and the solutions for handling them with your child every parent wants the best for their child and these years can be fraught with challenges bullying violence gambling sex smoking alcohol substance use eating disorders depression suicide unhealthy eating lack of physical activity etc making sense of these challenges this book offers exercises for incorporating the ten child unlimited tools into your parenting style and anecdotes to illustrate strategies and techniques supported by current research the tools found in these pages will serve as a guide for any family with tweens or teens

analyzes the rhetoric surrounding depression maintains that the techniques and language of depression marketing strategies vague words such as worry irritability and loss of interest target women and young girls and encourage self diagnosis and self medication further depression narratives and other texts encode a series of gendered messages about health and illness as depression and other forms of mental illness move from the medical professional sphere into that of the consumer public the boundary at which distress becomes disease grows ever more encompassing the need for remediation and treatment increasingly warranted from publisher description

explores the nature of self injury its causes effects and possible treatments

a journal of mormon thought

arranged by broad subject and indexed by narrow subject and title this popular annual publication offers nearly 500 reviews of print and electronic reference sources

unlike most texts about drug use which are written either from a counseling psychology or physiology pharmacology point of view the sociology of american drug use mainstreams the coverage for sociology and criminology programs and at the same time provides a broader sociological perspective on drug use much of this material comes from charles faupel s own research experience among street heroin addicts on the east coast several chapters offer an ethnographer s perspective on the specific issues addressed while at the same time

maintaining a focus on the basics of this substantive field

this book brings together for the first time a selection of international critiques on the role of adhd in our society today looking at how diagnoses have increased in recent years and the reasons behind this topics range from genetics to social culture offering a comprehensive overview of this area
