psychology concepts and connections brief version will help your students make the connections between key concepts in psychology and the connections between those concepts and their own lives spencer rathus's warm and engaging writing style explains the fundamentals in ways that students can understand and then goes a step further to show how those fundamentals relate to students daily lives rathus's commitment to helping students learn goes beyond the text narrative and is reflected in the text's proven active learning system pq4r preview question read reflect review and recite this system is seamlessly integrated into the book's companion connections cd rom the book companion site and the study guide all of which are free with every new copy of the text new learning connections and life connections sections in the text also include icons that cue students to interactive content on the connections cd rom and the book

companion site this seamless integration of text and technology enhances the active learning system pq4r in the text and gives students multiple ways to connect with the text's current research and relevant applications in this edition. Rathus invites students to learn about the latest in evolutionary psychology, biology, diversity and gender issues in psychology in a text that is concise yet thorough.

This book presents a scientific accurate and thorough overview of the essential concepts of psychology in engaging language that the average reader can easily comprehend. Topics include the science of psychology, the biological basis of behavior, sensation and perception, states of consciousness, learning, memory, cognition, and mental abilities, motivation and emotion, life span development, personality, stress and health psychology, psychological disorders, therapies, and social psychology for counselors, behavioral analysts, and others in various related psychology fields.

A psychology text that you'll actually want to read. Psychology: A Journey is guaranteed to spark your curiosity, insight, imagination, and interest using the proven SQ4R survey question, read, recite, relate, and review active learning system to help you study smarter. Soon leads you to an understanding of major concepts as well as how psychology relates to the challenges of everyday life. Each chapter of this book takes you into a different realm of psychology such as personality, abnormal behavior, memory, consciousness, and human development. Each realm is complex and fascinating with many pathways, landmarks, and detours to discover. Take the journey and find yourself becoming actively involved with the material as you develop a basic understanding of psychology that will help you succeed in this course and enrich your life.

New MyPsychLab edition available October 2007. Text comes automatically with MyPsychLab for no additional charge. Includes end of chapter study tips directing students to MyPsychLab for further study. No changes to pagination from Ciccarelli/Meyer Psychology 1e. The most learner centered and assessment driven text available using the APA undergraduate psychology learning outcomes. The authors establish clear learning objectives for students and tie the text assessment to these objectives. Praised for a very engaging writing style, comprehensive coverage of key research and strong pedagogical features. Ciccarelli focuses on getting students to actually read their textbook. Student feedback from numerous class tests and instructor feedback from an extensive reviewing process emphasize the appeal of Ciccarelli's approach to teaching and learning in today's classroom.

The Developing Child Tenth Edition is a top selling topical child development book known for its personal conversational writing style, balanced coverage of both theory and application, and strong emphasis on culture. Helen Bee is a prominent author and researcher whose successful books on development and whose devotion to these fields has earned her a national reputation. Denise Boyd of Houston Community College System joins Helen Bee in refreshing this popular longstanding text. The writing style is superb, making concepts and ideas clear with a minimum of language and a maximum of understanding. Sandra K. Ciccarelli, Gulf Coast Community College, years ago, I used Helen Bee's text to develop my original lectures on physical growth. I continue to find her coverage of physical development one of the best. Pamela Ludemann, Framingham State College, Bee really connects with my students. Philip J. Mohan, University of Idaho, I had three students read material over the same subject matter from three different texts. All three selected Helen Bee's as the most readable. Therese Morrow, Illinois Central College, With the purchase of this new textbook, your students have the option of receiving a copy of *Development: Journey Through Childhood and Adolescence*, a CD-ROM authored by Professor Kelly Welch of Kansas State University. This CD-ROM provides a wealth of video and audio clips, animations, and assessment exercises and materials that will engage your students in the dramatic journey of development. A sample of this CD-ROM is available from your Allyn & Bacon sales representative prepared by Kelly Perkins, 02-03-03.
