this book contains twenty two individual scripture studies each study focuses on one general area of study these studies enable individuals to do in depth topical studies of the bible they are also invaluable to the bible study teacher preparing lessons for sunday school or a home bible study they can be used for group studies as well the range of topics covered in the different studies is broad from what the bible teaches about itself to what the bible teaches about divorce and remarriage included in each study are hundreds of scripture references so there will be no lack of material from which to begin your studies so if you re an individual looking for an aid to improve for your own personal bible studies or a bible study teacher or home group leader looking for help in preparing lessons this book will be of great benefit the sources for the viewpoints promoted in these scripture studies are wide and varied the ideas are taken from commentaries study bibles theology books books of various kinds and most importantly this writer s own personal study of the scriptures the sources for the opposing views presented are publications of groups that promote the ideas and personal conversations this writer has had with members of such groups and adherents to the views every effort has been made to ensure the accuracy of the scripture references in these studies but with the thousands of references presented it is likely that a few typos have crept in if the reader comes across a reference that does not make sense in the context presented just go onto the next one there are always plenty of verses listed for each point it is my hope and prayer that god uses these scripture studies to help the reader to grow in the grace and knowledge of our lord and savior jesus christ to him be the glory both now and forever amen 2 peter 3 18

although this workbook was originally planned for high school bible classes meeting every day for a semester it has found a wider use by various age groups in churches and colleges and by individuals desiring direction in their personal bible study the workbook was first produced as a method of giving notes and assignment questions quickly thereby leaving more valuable classroom time for explanations discussions and student participation the workbook may be placed in a regulation size binder separate pages can be handed in when completed other notes assigned papers and themes can be placed throughout the notebook this is in no sense a textbook it is hoped that no one will make the completion of the workbook a goal in itself but that the questions and notes may stimulate and guide each student in searching and knowing the bible the questions do not cover all the important points in any chapter it is hoped however in the course of the study that all the main new testament teachings will be brought out most schools give about half the semester to the life of christ in the gospels and the rest of the semester to acts and the epistles three or four chapters a day are usually assigned in order to cover all the main incidents in the life of christ special emphasis has been chosen in each gospel studying mark first in four or five lessons as a short survey of christ s life has proved a good start for students unfamiliar with the bible the main miracles and chief characters then become familiar matthew is more easily understood after having had this simple introduction to christ through mark matthew is studied with emphasis on the teachings of christ students should become familiar with all unfamiliar terms places mentioned should be located on the map in luke the parables and new stories are especially noted the more intimate revelation of jesus given in john s gospel should prove a personal blessing to each student students should become familiar with the content of the simple chronological outline of christ s life as drawn from the four gospels that has been included in this edition the acts and the epistles are taken in the order they appear in the bible the missionary message in acts and the christian life

teachings in the epistles have been kept in mind since time prohibits the complete study of each epistle a limited number of chapters have been selected for study several teachers assign the revelation as parallel reading giving a brief preview at the time of the assignment and a discussion of the book after it has been read it is my prayer that all who use this book will be guided by it into a deeper more personal knowledge of the living word the lord jesus christ as well as the written word the bible it is the teacher s wonderful privilege to bring from the scripture its vital interesting message for personal living students sometimes come from a bible course saying yes we learn the facts all right but that book is too dull and boring for me that teacher had failed to take advantage of a most wonderful privilege the book that was written to give men life should be taught in a way that presents real life to men may students come from your class with the appreciation expressed in these comments bible is the most interesting course i ve ever had i surely have learned to love the bible i read it every day now studying bible has not only cleared up questions that have always puzzled me but it has helped me so much in my everyday living it was through that bible course that i became a christian i wouldn t have missed it for anything catherine b walker
