it s 18o8 and grace is living with her uncle in london they have no money and grace is always lonely and often hungry the best part of her day is going to fleet street to talk to the horses that she loves so much one afternoon grace can t resist taking a shiny red apple from a grocer s cart and then another before she knows it grace is being chased through the streets will she be caught and sent to prison or worse meet grace and join her adventure in the first of four exciting stories about a brave convict girl who is given a second chance

well into a plague that decimated the human population and caused the dead to rise poppy and ellis adjust to life inside the trailer park where they found other survivors and some semblance of safety a sense of community doesn t come easily as the others realize ellis has skeletons in his closet as a result of injuries obtained in the early days of the fall of humanity as more strangers come to live amongst them it becomes clear that dangers beyond just the animated dead lurk outside their gates left with no other option a group is dispatched to search for another means of salvation events will leave everyone rethinking their strategy to remain amongst the ranks of the living lives will be lost friendships will begin only to be ripped apart sanity will be questioned devastation will rule the rotten series is a crossover to the grace series while books in each series should be read in order the rotten series can be read on its own

this is the first of three volumes concerning the history of the oldest press in the world a history that extends from the sixteenth century to the present day

a list of all the materials deposited in the cambridge university archives before june 1987

this book is a volume in the penn press anniversary collection to mark its 125th anniversary in 2015 the university of pennsylvania press rereleased more than 1 100 titles from penn press s distinguished backlist from 1899 1999 that had fallen out of print spanning an entire century the anniversary collection offers peer reviewed scholarship in a wide range of subject areas

first published in 1988 this book traces the complex evolution of oxford and cambridge from the twelfth through the early sixteenth centuries in the process the author incorporates new research on cambridge university that has become available only recently alan b cobban is able to give an overall view of the functioning of the english universities touching on the development of the academic hierarchy the various features of the curriculum and the teaching offered by these institutions the author also addresses the social and economic circumstances of students and the relations between the universities and their respective town and ecclesiastical authorities cobban draws on much recent work to supply new details and altered perspectives in this single volume reappraisal of the history of these two distinguished educational institutions
