in their new book emotion character and responsibility john sabini and maury silver examine a conflict in the way that psychologists philosophers and ordinary people think about character most of us share an intuition that emotions are central to who we are and the characters we have even though emotions are unchosen yet we also share the intuition that action choice and responsibility are what count about our characters this book deals with this conflict by exploring the relations between the chosen and unchosen moral and nonmoral in sincerity loyalty sympathy shame guilt and embarrassment as they affect our characters the conflict is resolved by finding an aesthetic as well as moral basis of character along the way the authors consider questions such as can one truly avow ones feelings and still be insincere what if anything is lacking in the star trek character mr spock why is loyalty toward particular people and not people in general a duty is it a good idea for guilt to replace shame how can we describe genuine self deception without relying on unconscious knowledge the book ends with the radical proposal that some of the emotions do not exist at least not in the way that motives exist we will not find them on any present or future brain scan and yet the authors argue emotions matter

ethics and existence is a collective exploration of a set of topics to do with persons and value that were pioneered by the late derek parfit a distinguished international team of contributors discuss ethical questions relating to population the value of life and the future

there are many illnesses physical diseases and mental dysfunctions that simply cannot be cured by modern medicine or psychological techniques and remain misunderstood or un treatable unfortunately this results in a poor prognosis for the quality of life of sufferer whose life can be intolerable what however if the plethora of misunderstood and un treatable issues could be healed with techniques beyond physical science by working on the energetic and spiritual levels wouldn t that be a miracle in this book the reader will understand the true underlying reasons for illness disease and mental health issues and heal them with the use of the following techniques chelation basic energy balancing chakra and organ reconstruction past life healing and psychic surgery energy template reconstruction astral entity removal and astral mucus clearing virus clearing spine cleansing brain balancing hara line healing psycho spiritual re programming where deep routed psychological issues habits and their physical manifestations are corrected and healed

healing your past encourages you to examine your past your inner blocks your unconscious patterns of limitation and free yourself of them you dont have to do it alone author arian sarris gives you guidance on how to contact your higher self and guardian angels who will gladly assist you in all of your work gain insights for fast and powerful inner changes starting with your soul and working with your mind heart and spirit allow yourself the opportunity to go back to the past in this life and in past lives and reconstruct them doing so not only releases enormous energy trapped inside you but also changes your inner programming and patterns and opens you up to receive love both from without and within rid yourself of phobias and complexes heal childhood and past life traumas break free of the constraints of your emotions attract people who will enhance your life and your relationships dispose of destructive mental pictures transform your life
