de die arbeit befasst sich mit der vorgabe des aachener vertrages welche mit der schaffung des deutsch französischen bürgerfonds die zivilgesellschaften der beiden partnerländer und ihr weiteres zusammenwachsen in den fokus genommen haben hierzu wird auf die frage eingegangen warum eine weitere deutsch französische organisation gerade in diesen zeiten notwendig ist und warum ihr durch ausgestaltung als möglichst eigenständige institution die erforderliche rolle als beständiger motor für eine notwendige weitere europäisierung zuteilwerden kann der bürgerfonds soll mithilfe seiner finanziellen unterstützungsleistungen des binationalen austausches von bürgerinitiativen stiftungen kulturzentren vereinen städtepartnerschaften und sonstigen formen privaten engagements als leuchtturmprojekt des aachener vertrages diejenigen ansprechen welche bislang nicht als klassische stakeholder der deutsch französischen freundschaft bekannt geworden sind die ausgestaltung des bürgerfonds als eigenständige internationale organisation erscheint vor dem hintergrund dieser zielsetzung die optimale rechtsform seine generelle aufbauorganisation sollte an der des deutsch französischen jugendwerks angelehnt werden insoweit war die vorgabe der organisatorischen einbindung des bürgerfonds in das jugendwerk im rahmen der pilotphase bis ende 2022 nicht nur wegen der dort vorhandenen großen expertise eine sinnvolle entscheidung des deutsch französischen ministerrats eine erweiterung des verwaltungs bzw kontrollgremiums in einem selbständigen bürgerfonds durch vertreter der deutsch französischen parlamentarischen versammlung erscheint zur gewährleistung von transparenz und tagespolitischer unabhängigkeit ebenso

ratsam wie seine zumindest partielle Öffnung für andere europäische mitgliedsstaaten abschließend bleibt zu konstatieren dass in den zeiten kriselnder demokratien und der covid gefahr eine hinwendung zu den bürgern und ihren privaten bzw para öffentlichen organisationsformen ebenso wichtig ist wie die förderung des austausches der bürger beider länder im herzen europas mehr denn je hilft distanzen zu überwinden und transnationale gemeinschaft zu erleben fr le travail porte sur les dispositions du traité d aix la chapelle qui avec la création du fonds citoyen franco allemand ont mis l accent sur les sociétés civiles des deux pays partenaires et sur la poursuite de leur rapprochement À cet égard la question se pose pourquoi une organisation franco allemande supplémentaire est elle nécessaire et pourquoi en devenant une institution autonome peut elle jouer le rôle nécessaire de moteur permanent pour une européanisation plus poussée le fonds citoyen par son soutien financier à l échange binational d initiatives citoyennes de fondations de centres culturels d associations de jumelages et d autres formes d engagement privé doit s adresser en tant que projet phare du traité d aix la chapelle à ceux qui ne sont pas encore connus comme des parties prenantes classiques de l amitié franco allemande dans ce contexte la forme juridique optimale du fonds citoyen semble être celle d une organisation internationale autonome son organisation générale devait s inspirer de celle de l office franco allemand pour la jeunesse la décision du conseil des ministres franco allemand d intégrer le fonds citoyen dans l organisation de l office franco allemand pour la jeunesse dans le cadre de la phase pilote jusqu à fin 2022 était donc judicieuse et pas seulement en raison de la grande expertise qui y est disponible l élargissement de l organe de gestion et de contrôle à un fonds citoyen autonome par des représentants de l assemblée parlementaire franco allemande semble tout aussi conseillé pour garantir la transparence et l indépendance politique au quotidien que son ouverture au moins partielle à d autres États membres européens en conclusion il reste à constater qu en ces temps de démocraties en crise et la crise sanitaire il est tout aussi important de se tourner vers les citoyens et leurs formes d organisation privées ou para publiques que de favoriser les échanges entre les citoyens des deux pays au cœur de l europe aide plus que jamais à surmonter les distances et à vivre une communauté transnationale in this paper deals with the stipulations of the aachen treaty which with the creation of the franco german citizens fund focused on the civil societies of the two partner countries and their further growing together to this end the question is addressed as to why a further franco german organisation is necessary especially in these times and why it can be given the necessary role as a constant motor for a necessary further europeanisation by being designed as an independent institution as far as possible with the help of its financial support for the bi national exchange of citizens initiatives foundations cultural centres associations town twinning and other forms of private commitment the citizens fund is intended as a lighthouse project of the aachen treaty to appeal to

those who have not yet become known as classic stakeholders in the franco german friend ship against the background of this objective the design of the citizens fund as an independent international organisation appears to be the optimal legal form its general organisational structure should be based on that of the franco german youth office in this respect the specification of the organisational integration of the citizens fund into the youth office within the framework of the pilot phase until the end of 2022 was a sensible decision of the franco german council of ministers not only because of the great expertise available there an expansion of the administrative or supervisory body in an independent citizens fund by representatives of the franco german parliamentary assembly seems just as advisable to guarantee transparency and day to day political independence as its at least partial opening to other european member states in conclusion it remains to be stated that in times of crumbling democracies and the danger of covid a turn to the citizens and their private or para public forms of organisation is just as important as the promotion of exchange between the citizens of both countries in the heart of europe helps more than ever to overcome distances and to experience transnational community

visual illusions are compelling phenomena that draw attention to the brain s capacity to construct our perceptual world the compendium is a collection of over 100 chapters on visual illusions written by the illusion creators or by vision scientists who have investigated mechanisms underlying the phenomena
