this collection focuses on conceptions of the unfamiliar from the viewpoint of mainstream american history aliens immigrants ethnic groups and previously unencountered ideas and ideologies in trumpian america the book suggests bringing historical thinking back to the center of american studies given that it has been recently challenged by the influential memory studies boom as much as identity building appears to be the central concern for much of the current practice in american history writing it is worth keeping in mind that historical truth may not always directly contribute to one's identity building the researcher's constant quest for truth does not equate to already possessing it history changes all the time because it consists of our constant reinterpretation of the past it is only the past that does not change this collection aims at keeping these two apart while scrutinizing a variety of contested topics in american history from xenophobic attitudes toward eighteenth century university professors apache masculinity ku klux klan tom waits's lyrics and the politics of the trump era

humans are a species that classifies we arrange the flow of the things and events that we see and experience place them into categories and erect boundaries around those categories among the boundaries that we erect are those that we put around groups of other human beings the evil side of human classification of other human beings is that we sometimes create false categories of other people as is often the case in racial ethnic and religious stereotypes this unmindful creation of empty categories of human characteristics is what happened during two periods crucial to the construction of race in america this is racism the united states is in a period of deep cultural flux and conflict much of it seen through the lens of race tom diaz proposes that the everyday actions of ordinary people in the context of extreme political and cultural polarization distort the criminal justice system and betray the lofty ideals expressed in american founding documents and centuries of anglo american articulations of basic human rights these everyday actions range across a spectrum from the armed intervention of private citizens in the forms of individual action neighborhood watches and citizen s arrests to the expectations imposed on law enforcement in particular and the criminal justice system in general

you should definitely read this book what really struck me in reading beyond these walls was that tony platt had very seriously and carefully considered the contributions of social movements feminist queer disability and labor angela davis beyond these walls is an ambitious and far ranging exploration that tracks the legacy of crime and imprisonment in the united states from the historical roots of the american criminal justice system to our modern state of over incarceration and offers a bold vision for a new future author tony platt a recognized authority in the field of criminal justice challenges the way we think about how and why millions of people are tracked arrested incarcerated catalogued and regulated in the united states beyond these walls traces the disturbing history of punishment and social control revealing how the criminal justice system attempts to enforce and justify inequalities associated with class race gender and sexuality prisons and police departments are central to this process but other institutions from immigration and welfare to educational and public health agencies are equally complicit platt argues that international and national politics shape perceptions of danger and determine the policies of local criminal justice agencies while private policing and global corporations are deeply and undemocratically involved in the business of homeland security finally beyond these walls demonstrates why efforts to reform criminal justice agencies have often expanded rather than contracted the net of social control drawing upon a long tradition of popular resistance platt concludes with a strategic vision of what it will take to achieve justice for all in this era of authoritarian disorder
