this bibliography extends the work of stanley s first volume the foreign critical reputation of f scott fitzgerald an analysis and annotated bibliography to the final two decades of the 20th century it includes literature from the former countries of the ussr romania india and canada as well as countries that were covered in the first volume such as britain france italy germany and japan one of the major findings that emerges is that fitzgerald s poetic prose is extremely difficult to translate but new translations continue to appear the introduction to this volume provides a synthesis of fitzgerald scholarship abroad at the turn of the 21st century and points to new directions already suggested that may represent challenges to current scholarship an extended analysis introduces each chapter each chapter also includes a chronological list of translations and editions of fitzgerald s work from his earliest appearances

in print to those appearing in 2000 the most substantial section of each chapter features fairly detailed annotations of monographs collections book chapters essays conference papers articles reviews and school editions this compilation will intrigue anyone interested the work of f scott fitzgerald

how people can be persuaded to take more control of their own lives continues to be a subject of policy and academic debate and the contribution of active citizens to improving societal well being is high across different policy agendas but the promotion of community self help raises a wide range of questions for people working in neighbourhoods for policy makers for politicians and for residents themselves about how we promote engagement what would motivate people to become active and more fundamentally about the ongoing relevance and value of community activity diy community action offers thought provoking answers to these questions based on detailed real life evidence from over 100 community groups each trying to combat neighbourhood problems it presents a lively challenge to the existing thinking on contested debates and proposes ways forward for community building this timely publication is an engaging resource for policy makers practitioners academics students and general readers interested in exploring community engagement and active citizenship its insightful analysis will be of interest to students of social policy sociology community work housing and regeneration local government studies and public policy

the canon as much an ideology as it is a body of texts perceived to be intrinsic to the high school english classroom has come under scrutiny for maintaining status quo narratives about whiteness masculinity heterosexuality ability and even those associated with american ideals of self reliance the good life and the self made man teaching practices around these texts may also reinforce harmful practices and ways of thinking including those connected to notions of culture literary merit and methods of reading teaching and learning teaching the canon in 21st century classrooms offers innovative critical ways of reading thinking about and teaching canonical texts in 21st century classrooms responding to the increasingly pluralized digitized global 21st century english classroom chapter authors make explicit the ideologies of a canonical text of focus while also elaborating a pedagogical approach that de centers the canon bridges past and present applies critical theory and celebrates the rich identities of 21st century readers in using this book teachers will be especially poised to take on the canon in their classroom and thus to open up their curricula to ideas values concerns and narratives beyond those embedded in the canonical texts

a resource for media and visual literacy with the assertion it s not what they watch it s how they watch authors considine and haley offer a strong rationale for visual literacy programs in which students can develop the cognitive and viewing skills necessary in our media dominated society in this fascinating and astute examination of mass media and its effect on our culture the authors offer a profound assessment of the problems and issues surrounding the communication revolution and give sound practical solutions to those problems solutions for parents for teachers administrators librarians media specialists and especially solutions for children ideas strategies and activities that can be easily integrated into diverse areas of the existing curriculum promote critical thinking about the information students receive in a multimedia world and the daily decisions they make as consumers whether selecting a product or a

politician only when they have developed these abilities are they prepared for the world they live in some of the chapter titles are making the living room a learning room by using tv television effectively advertising exploring the consumer culture in the classroom reading the news interpreting form and content and movies as mentors teaching with motion pictures

since the very first days of cinema audiences have marveled at the special effects imagery presented on movie screens while long relegated to the margins of film studies special effects have recently become the object of a burgeoning field of scholarship with the emergence of a digital cinema and the development of computerized visual effects film theorists and historians have been reconsidering the traditional accounts of cinematic representation recognising the important role of special effects understood as a constituent part of the cinema special effects are a major technical but also aesthetic component of filmmaking and an important part of the experience for the audience in this volume new directions are charted for the exploration of this indispensable aspect of the cinematic experience each of the essays in this collection offers new insight into the theoretical and historical study of special effects the contributors address the many aspects of special effects from a variety of perspectives considering them as a conceptual problem recounting the history of specific special effects techniques and analysing notable effects films

employing theoretical approaches drawn from genette barthes iser ricouer bakhtin and others messent provides an accessible and stimulating bridge between the european theoretical tradition and the american novelistic canon
