the treatise is divided into three distinct parts thus 1 preliminaries 2 the amazing human life of christ on earth 3 mighty sequels in time and eternity to the human life of christ on earth mysteries both natural and supernatural surround us press us and penetrate us on all sides we are simply steeped in mysteries we are to our very selves and each one of the brethren is to us a mystery or rather a sheaf of mysteries the material universe we are in is an enormous congeries of mysteries in the inscrutable depths of the firmament in the atmosphere which envelops our planet above and beneath the surface of the earth in the oceans are found mysteries upon mysteries and mysteries within mysteries indeed when we meditate on these truths we realize just how awesome god really is let us consider the outline of the contemplation of this work in the great mystery of jesus we can consider three distinct sets of mysteries namely 1 the mysteries of his sacred flesh and blood 2 those of his blessed human soul and 3 those of his pure godhead it is the contemplation of the sacred humanity of our lord that is to say of his human body and soul which will engross our attention in these pages and let us return whosoever pays loving reverence to the person of our lord jesus christ the word made flesh pays also loving reverence to his most sacred heart it does not matter whether he realizes this or not or actually think of it or not this consideration is very sweet and comforting it shows that the devotion to the sacred heart has been at least implicitly practised by the church and all her children from the very beginning even heretics when pious and in good faith as is the case with a certain number of them practise this devotion in spite of themselves and at the very time that they are condemning it in the catholic church indeed the worship of the sacred heart is most appropriate for these times god loves us

and the sacred heart is a great demonstration of this love he devotes a chapter to other works on our lord jesus christ the order i follow is this beginning with contemporary books on our lord i work my way up through the centuries to the very first where we reach at last the bedrock foundation of the four gospels and the rest of the scriptures i could not use the word christology in this connection because it is too learned a word for many of my readers and also because the words at the head of this chapter allow of a larger scope in the choice of books to be recommended the second part of this work explores the amazing life of jesus christ let us consider jesus at four years old a bit at the age of four the child jesus was growing wholly gracious still small enough to be taken up and carried in arms an action which mary and joseph would do with unspeakable rapture yet big enough to walk alone and to make much happy stir in the house and round about it the child jesus began to smile to laugh and prattle and to enter upon an innocent and happy life like other dear little children of that age i cannot imagine the child jesus frowning no doubt from time to time his sweet mother and his foster father had suddenly come upon him and found him rapt in a state of prayer infinitely beyond his age but as a rule his appearance and conduct were those of the most beautiful perfect natural and loving little child that ever existed

who is this jesus christ for by him were all things created that are in heaven and in earth visible and invisible whether they be thrones or dominions or principalities or powers all things were created by him and for him he is before all things and by him all things consist learn about who jesus is from dateless past to dateless future as described in the bible

in september 1997 mark moonsamy had a supernatural experience in which jesus appeared to him in a vision mark was transformed in the spirit and drawn into the body of jesus christ where he received a powerful message from god this message remained hidden in him for almost 14 years until the holy spirit began revealing the mystery of jesus christ confirming this amazing revelation through the word of god god wants the present day church to come to the full understanding of who we are in christ as we anticipate a great move of god upon the earth mark has been commissioned to deliver this message to the body of jesus christ and to prepare the saints of god for the remarkable supernatural awakening that has already begun

jesus remains one of the most studied characters in history in the two millennia since his birth countless writers have published numerous books and articles on every aspect of his life personality teachings and environment depending on the backgrounds goals and trainings of their respective authors these works relied on the new testament other christian sources jewish writings or other historical sources or on combinations of these writings the qur an is rarely mentioned let alone seriously considered by the mainly christian authors of these studies this explicit or implicit neglect reflects a presumed

historical worthlessness of the qur an muslim scholars have also written extensively about jesus contrary to their western counterparts they have studied in detail what the qur an and other islamic sources say about jesus the christian image of jesus is often cited to be dismissed usually on the basis of what islamic sources say but at times also because of its incoherence and inconsistency like western scholars who have ignored the qur an muslim writers have shown no interest in independent historical sources this book fills a gap in the literature on the historical jesus by taking the unique approach of considering together the qur an the gospels and other religious and historical sources this genuinely new contribution to the scholarship on the historical jesus shows that unlike the new testament accounts the qur anic image of jesus is both internally consistent and reconcilable with known history while showing that our understanding of how the new testament was formed and our growing knowledge of history confirm that the christian jesus is unhistorical this study makes a strong case for the historicity of the jesus of the qur an its friendly style makes this comprehensive book suitable for the general reader as well as the specialist readers with interest in the historical jesus the messiah in the various scriptures modern qur anic exegesis or comparative religion will find this compelling study highly informative and thought provoking no specialist knowledge of any scripture or history is required for reading the book
