this monograph presents a new history of early american literature that traces the diverse forms of fiction circulating in the early united states 1789 1861 and how they shaped the way americans thought and argued about political and cultural issues of their age

divthis provocative book brings together twenty plus contributors from the fields of law economics and international relations to look at whether the

us legal system is contributing to the country's long postwar decline the book provides a comprehensive overview of the interactions between economics and the law in such areas as corruption business regulation and federalism and explains how our system works differently from the one in most countries with contradictory and hard to understand business regulations tort laws that vary from state to state and surprising judicial interpretations of clearly written contracts this imposes far heavier litigation costs on american companies and hampers economic growth div
