this book is a printed edition of the special issue religion and the new technologies that was published in religions

black mirror netflix s dystopian anthology probes what it means to be human in a technological world while the show raises interesting if not disturbing questions it refrains from giving answers putting the onus on viewers to continue the conversation accordingly theology and black mirror engages questions and prominent themes in the show with resources from the christian tradition including the academic disciplines of biblical studies theology philosophy and ethics

this book looks to the rich and varied islamic tradition for insights into what it means to be human and by implication what this can tell us about the future human the transhumanist movement in its more radical expression sees homo sapiens as the cousin perhaps the poorer cousin of a new humanity 2 0 man is replaced by superman the contribution that islam can make to this movement concerns the central question of what this superman or supermuslim would actually entail to look at what islam can contribute we need not restrict ourselves to the qur an and the legal tradition but also reach out to its philosophical and literary corpus roy jackson focuses on such contributions from muslim philosophy science and literature to see how islam can confront and respond to the challenges raised by the growing movement of transhumanism

the routledge handbook of the ethics of human enhancement provides readers with a philosophically rich and scientifically grounded analysis of human enhancement and its ethical implications a landmark in the academic literature the volume covers human enhancement in genetic engineering neuroscience synthetic biology regenerative medicine bioengineering and many other fields the handbook includes a diverse and multifaceted collection of 30 chapters all appearing here in print for

the first time that reveal the fundamental ethical challenges related to human enhancement the chapters have been written by internationally recognized leaders in the field and are organized into seven parts historical background and key concepts human enhancement and human nature physical enhancement cognitive enhancement mood enhancement and moral enhancement human enhancement and medicine legal social and political implications the depth and topical range of the handbook makes it an essential resource for upper level undergraduates graduate students and postdoctoral fellows in a broad variety of disciplinary areas furthermore it is an authoritative reference for basic scientists philosophers engineers physicians lawyers and other professionals who work on the topic of human enhancement

the evolutionary biologist julian huxley 1887 1975 attempted to promote a religion for the future which he would come to refer to as transhumanism transhumanism was an attempt to unite a more traditional humanistic view of the human as containing some form of core essence or potential with an evolutionary point of view of humans as a work in progress before humans natural selection had been responsible for the transformation of life through its ordering principles and through chance it had given rise to humankind which had ushered in a new phase of evolution humanity stood on the threshold of yet another critical point in evolution the consciously purposive phase of evolution this open access book explores the history of transhumanism by analyzing how julian huxley s transhumanism develops and why it does at this particular point in time by placing it firmly within the context of his specific scientific and sociopolitical milieu starting roughly in the interwar years and stretching over the second world war to the 1970s continuing the study then focuses on the new transhumanists of the 1970s 1980s and 1990s and investigates continuity in mode of thinking contributing to a more coherent understanding of transhumanism its history and of modern projects of human enhancement the book captures how scientific and technological development in relation to society and social order shapes images and expectations of the future and of what future is desirable

part 1 includes europe part 2 includes outside of europe

richard briggs first provides an introduction to speech act theory he discusses its principles and its claims and he considers its usefulness in relation to hermeneutical issues in theological and biblical studies the second part of the book demonstrates the use of speech act theory in the task of biblical interpretation especially for

example in the areas of confession of forgiveness and of teaching in his conclusion the author draws out the importance of speech act theory for contemporary hermeneutics

a renowned islamicist and historian of religion wilfred cantwell smith is one of the most important contemporary voices in the study of religion this book critically examines the idea of faith in smith s writings and explores the relevance of his conception of faith for the future study of religion smith s distinctive notion of faith calls forth a new religious anthropology of homo fidei or the human as faith ing the idea of faith is in short a generative concept that implies a new and potentially revolutionary methodological approach to the study of religion special attention is paid to the implications of smith s ideas for the phenomenology of religion and the postmodern age

vols 2 6 include theological and semitic literature for 1898 1901 a bibliographical supplement to the american journal of theology and the american journal of semitic languages and literatures by w muss arnolt separately paged

in these pages dr joel beeke provides us with a first class tour of some of the great sites of reformed theology and spirituality here we meet john calvin reformer extraordinaire then we encounter the learned dr william ames and the insightful anthony burgess soon we have traveled north to meet the scotsmen john brown of haddington the great thomas boston and the remarkable brothers ebenezer and ralph erskine predictably but happily our guide brings us to the netherlands and to the time of the nadere reformatie before taking us back to the new world in the company of the remarkable theodorus jacobus freylinghuysen but the climax of this tour is not reached until our trusted guide has brought us to the family roots from which all these theologians and pastors came to the strong foundations of christian living in justification by faith and sanctification in life nourished by the power of biblical preaching author joel r beeke ph d westminster theological seminary is president and professor of systematic theology and homiletics at puritan reformed theological seminary pastor of the heritage netherlands reformed congregation in grand rapids michigan editor of the banner of sovereign grace truth and author of numerous books
