when americans seek an escape from the worries and dilemmas of everyday life the crystal blue waters and white sands of the caribbean islands seem like the answer to a prayer yet this image of a tourist s paradise hides a tumultuous history marked by strife and division over race political power and economic inequality olwyn blouet explores the story of the caribbean over the last 50 years revealing it to be a region positioned at the heart of some the most prominent geopolitical issues of modern times navigating a rich mélange of cultures and histories blouet unearths a complex narrative that is frequently overlooked in histories of the americas in stark contrast to widely read guidebooks this chronicle unflinchingly probes two strikingly different worlds in the caribbean islands those of the haves and the have nots created by the volatile mixture of colonial politics racial segregation and economic upheaval the strategic political relations between caribbean nations cuba in particular and the world powers during the cold war the economic transformations instigated by tourism and the modernizing efforts of caribbean nations in order to meet the demands of a globalizing twenty first century market are among the numerous issues explored by blouet in her efforts to redress the historical record s imbalance the contemporary caribbean also explores the proud histories of the region s many nations in sports such as cricket and baseball as well as their famed cuisines and the uneasy balance today between local traditions and the vestiges of colonial influence

grugel has produced a first rate introduction to the development dilemmas confronting the peoples of the caribbean and central

america the book will enlighten general readers with an interest in the politics of geopolitical and economic dependency and for appreciating the remaining difficulties facing small nations attempting equitable and harmonious development it will remind caribbean and central american specialists just how valuable a good comparative analysis can be foreign affairs excellent comparative survey of the political economy of the caribbean basin choice this wide ranging survey of the political economy of the caribbean basin and its position in the emerging global order also assesses the attempts by revolutionary regimes in the region to create alternative models of development and the reasons for their failure

a quiet revolution is taking place in america s forests once seen primarily as stands of timber our woodlands are now prized as a rich source of a wide range of commodities from wild mushrooms and maple sugar to hundreds of medicinal plants whose uses have only begun to be fully realized now as timber harvesting becomes more mechanized and requires less labor the image of the lumberjack is being replaced by that of the forager this book provides the first comprehensive examination of nontimber forest products ntfps in the united states illustrating their diverse importance describing the people who harvest them and outlining the steps that are being taken to ensure access to them as the first extensive national overview of ntfp policy and management specific to the united states it brings together research from numerous disciplines and analytical perspectives such as economics mycology history ecology law entomology forestry geography and anthropology in order to provide a cohesive picture of the current and potential role of ntfps the contributors review the state of scientific knowledge of ntfps by offering a survey of commercial and noncommercial products an overview of uses and users and discussions of sustainable management issues associated with ecology cultural traditions forest policy and commerce they examine some of the major social economic and biological benefits of ntfps while also addressing the potential negative consequences of ntfp harvesting on forest ecosystems and on ntfp species populations within this wealth of information are rich accounts of ntfp use drawn from all parts of the american landscape from the pacific northwest to the caribbean from honey production to a review of

nontimber forest economies still active in the united states such as the ojibway harvest of plants recounted here the book takes in the whole breadth of recent ntfp issues including ecological concerns associated with the expansion of ntfp markets and ntfp tenure issues on federally managed lands no other volume offers such a comprehensive overview of ntfps in north america by examining all aspects of these products it contributes to the development of more sophisticated policy and management frameworks for not only ensuring their ongoing use but also protecting the future of our forests

in this pathbreaking work the author integrates questions of justice and stability through a model of deliberative democracy in the plural polity deliberative democracy and the plural polity provides a realistic but critical reform agenda that can animate struggles for justice in an enormously diverse world

issues for include annual air transport progress issue

the major objective of this publication is to provide an account and interpretation of the historical development of the region from around 1930 to the end of the century within its compass are the turbulent thirties including the cuban revolution of 1933 and the labour protests in the british caribbean of 1934 the strategic position occupied by the region during the second world war the development of proletarian movements and trade unions and their links with political parties decolonization political evolution in the french and dutch caribbean and the turn to the left made in the 1970s by a number of anglophone caribbean countries notably grenada also examined are the castro revolution and its aftermath to the 1990s ethnicity and race consciousness and their effects in uniting or dividing communities and nations international relations and regional co operation changes in social and demographic structures including the role and status of women education migration and urbanization and the beliefs and cultural experiences which underpin caribbean identity the final chapter provides an overall survey of changes in the quality of life in the caribbean during the

twentieth century
