from the time when we started collaborating as a team in the 1960s we envisaged not a grammar but a series of grammars in 1972 there appeared the first volume in this series a grammar of contemporary english gce this was followed soon afterwards

by two shorter works a communicative grammar of english cge and a university grammar of english uge published in the united states with the title a concise grammar of contemporary english with a comprehensive grammar of the english language we attempt something much more ambitious a culmination of our joint work which results in a grammar that is considerably larger and richer than gce and hence superordinate to it yet as with our other volumes since gce it is also a grammar that incorporates our own further research on grammatical structure as well as the research of scholars worldwide who have contributed to the description of english and to developments in linguistic theory preface

winner of the swedish national language council s erik wellander prize 2003 swedish a comprehensive grammar is an award winning complete reference guide to modern swedish grammar systematic and accessible the volume is organised to promote a thorough understanding of swedish grammar presenting the complexities of swedish in a concise and readable form explanations are full clear and free of jargon and an extensive index numbered paragraphs cross references and summary charts provide readers with easy access to the information they require now in its third edition the text has been comprehensively updated to conform to new standards set in the description of language and to reflect the recommendations of the language council of sweden it offers an improved layout completely revised index and more user friendly paragraph structure continuing the tradition of previous editions the emphasis remains fixed on swedish in everyday communication drawing on modern corpus material the internet and the media to provide high frequency words and expressions examples have been modernised throughout and new content takes account of recent trends resulting from the increasing democratisation of written swedish features include detailed treatment of grammatical structures and parts of speech a wealth of examples from present day swedish particular attention to areas of confusion and difficulty for learners swedish english contrasts highlighted throughout the book chapters on word formation orthography and punctuation swedish a comprehensive grammar is the most thorough and detailed swedish grammar available in english and is an essential reference source for the learner and user of swedish irrespective of level it is ideal for use in schools colleges universities and adult classes of all types

table of contents

excerpt from a comprehensive grammar of the english language for the use of schools in regard to the arrangement of matter eu important item i venture to claim for the book a superiority over every other of its kind it is well known that science and literature languished until bacon and shakespeare emancipated them from the thrall of ancient opinions and as latin grammars were first made and english grammars modeled after them the latter have probably suffered from a similar

dominion a language that has many in ections may well have its etymology taught as a separate branch but a language like ours whose actual in ections might all be printed on two or three pages needs to such treatment besides words have etymology because they have syntax the very existence of the one implying the other and to stop with etymology is to leave the work half finished the greatest sticklor for stparating them in our language has failed to draw the dividing line and much of the etymology taught in our grammars as in the cases of nouns is sheer syntax ever y teacher of experience too must have observed how wearisome to pupils is the long desert of etymology before they see its application in syntax and then they often dc not get the full benefit of this because they have but a faint and confused recollection of the other moreover by the usual system almost the whole grammar must be learned before any practical benefit is derived from it and as children in many parts of the country can attend school only a part of each year the consequence is that they begin their grammar anew from year to year get tired of its technical jargon and derive at last but little benefit from the study by the arrangement in this treatise each section bears its own fruit and will be if learned of permanent value whether any further progress is made or not the book too can be more conveniently resumed at the beginning of any section parsing and analysis have not only been made full but stripped of much super uous machinery doctrines and classifications have in many places been simplified and abridged and for some of the insuifficient articles in our grammars have been substituted others that are altogether more substantial the book comprises both a primary and a higher grammar and is in the highest ruse progressive and philosophical it is built up in part first by a regular synthesis from the alphabet to analysis in part second from pronunciation to versifica tion and closes with a thorough and well authorized section on punctuation as teaching the finish to the whole in other grammars most of the doctrine is printed in small type and the exercises are printed in larger this may be more agreeable to the teacher but it is less so to the learner i have given the main principles first in large type and apart from the examples then the exercises in type sufficiently large and lastly the unimportant doctrine in smaller type under the head of observations and at the end of each section the best modes of teaching and learning have been constantly kept in mind but of course no reasonable teacher or learner will imagine that the grammar of a mighty lan guage of a language that reaches into every fibre of human knowledge can be learned without labor or in six lessons 1 a full preface explanatory and defensive would require many pages i therefore leave the work without further remark to the candor judgment and research of the reader about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com
