this book investigates how social media are reconfiguring dying death and mourning taking a narrative approach it argues that dying death and mourning are shared online as small stories of the moment which are organized around transgressive moments and events with motivational participatory or connective scope through the different case studies discussed this book presents an empirical framework for analyzing small stories of dying death and mourning as practices of sharing which become associated with specific modes of affective positioning i.e. modulations of different degrees of distance or proximity to the death event and the dead the networked audience s and the affective self the book calls for the study of affect as integral to narrative activity and opens up broader questions about how stories and emotion are mobilized in digital cultures for accruing audiences value social or economic and visibility it will be of interest to researchers in narrative analysis the anthropology and sociology of emotion digital communication media and cultural studies and digital death and dying

tangible remains play an important role in our relationships with the dead they are pivotal to how we remember mourn and grieve the chapters in this volume analyse a diverse range of objects and their role in the processes of grief and mourning with contributions by scholars in anthropology history fashion thanatology religious studies archaeology classics sociology and political science the book brings together consideration of emotions memory and material agency to inform a deeper understanding of the specific roles played by objects in funerary contexts across historical and contemporary societies

religious mourning is about a common experience among those who study religion religious loss when people of faith study religion critically or when life experiences such as death and divorce trigger personal reflection on faith religious intellectuals often become estranged from their own tradition sometimes this estrangement causes them to leave religion altogether but for those who study religion from a psychological perspective a certain kind of introspective and iconoclastic religiosity can be revived by means of academic writing religious mourning explores this phenomenon by focusing on psychobiographical writings about religious leaders including donald capps portrait of jesus of nazareth james dittes portrait of saint augustine and william bouwsma s portrait of john calvin to show how these authors personal lives and especially their experiences of loss influence their scholarship as capps dittes and bouwsma subversively scavenge the lives of jesus augustine and calvin to reverse and restore a religion that is rich with experience including and especially their own they invite us to do the same

mourning companion animals is a guidebook for mental health clinicians searching for effective compassionate resources to guide their clients through the often devastating experience of animal companion loss chapters offer powerful and comprehensive strategies to heal animal companion loss based in sound evidenced based theoretical perspectives the included author generated inventory the animal companion bereavement questionnaire provides further assistance in clinician exploration of each client s unique bond with their lost companion the book s content is the result of more than twenty five of extensive work within the human animal bond clinical training in the referenced therapies and application of major psychodynamic theories

in mourning modernity seth moglen offers a bold new map of american literary modernism as a psychologically and politically

divided response to the injuries inflicted by modern capitalism

scientific essay from the year 2004 in the subject history europe other countries ages of world wars grade keine cornell university ithaca ny history departement course interdisciplinary conference german suffering deutsches leid re presentations language english abstract in the 20th century no decisive event left its mark on the people of central europe as much as the time of the second world war war death and the separation of families were sources of suffering that had and have to be integrated to be repressed to be understood and to be remembered i would like to make the focus of my discussion a village its people and their fates and memories the pictures you will see uncommented in the next half hour are being shown with the express permission of the surviving villagers and their czech friends i am compromising to a certain extent the usual standards of scholarship because my mother's family forms a part of the community about which i am reporting here i want to examine two questions how is the past of the village remembered and how are these memories connected with the expulsion of its inhabitants and the village's subsequent fate and how was memory constructed after 1990 and what forms does it take today to establish different levels of discourse i'd like to differentiate between the usage of the name maiersgrün as a memory designator and vysoká its official contemporary name the village was a little spot on the border between bohemia and bavaria the sudetenland and the german reich between the federal republic of germany and czechoslovakia as a result of the benes decree in the year 1946 all of its 700 inhabitants as sudeten germans were forced to leave and settled for the most part in the western zones over the course of the decades the buildings in the village located as it was in a restricted border area became dilapidated so that today exactly five of the former 120 houses are still standing

focuses specifically on complicated mourning often referred to as pathological unresolved or abnormal grief it provides caregivers with practical therapeutic strategies and specific interventions that are necessary when traditional grief counseling is insufficient the goal is to turn complicated into uncomplicated mourning
