this book will be of interest to scholars and students of asian studies cultural industries economic geography and related areas of study it discusses the results of a microscopic survey focusing on topics such as how animation studios form business relationships and how workers gain skills in the industry the methodology was based on traditional japanese economic geographical methods the study also examines macroscopic issues such as why industrial agglomerations are formed in metropolises why metropolises develop mutual networks and how a type of cultural product is created in the metropolises the methodology uses case studies of the animation industries in japan south korea and china the detailed analysis covers the process of the industry s agglomeration within the east asian metropolises of tokyo seoul and shanghai as well as the division of labor among them in addition the transaction relationships among animation studios are examined together with the promotion of the industry in the peripheral region of okinawa japan differences in work styles and output among these cities are also examined the research presented in this book contributes to understanding the spatial structure and reality of creativity in an innovative industry particularly the east asian content industry

during the heyday of the studio system spanning the 1930s 40s and 50s virtually all the american motion picture industry s money power and prestige came from a single activity selling tickets at the box office today the movie business is just a small highly visible outpost in a media universe controlled by six corporations sony time warner nbc universal viacom disney and newscorporation these conglomerates view films as part of an immense synergistic vertically integrated money making industry in the big picture acclaimed writer edward jay epstein gives an unprecedented sweeping and thoroughly entertaining account of the real magic behind moviemaking how the studios make their money epstein shows how in hollywood the only art that matters is the art of the deal major films turn huge profits not from the movies themselves but through myriad other enterprises such as video game spin offs fast food tie ins soundtracks and even theme park rides the studios may compete with one another for stars publicity box office receipts and oscars their corporate parents however make fortunes from cooperation and collusion with one another in less glamorous markets such as cable home video and pay tv but money is only part of the hollywood story the social and political milieus power prestige and status tell the rest alongside remarkable financial revelations the big picture is filled with eye opening true

hollywood insider stories we learn how the promise of free cowboy boots for a producer delayed a major movie s shooting schedule why stars never perform their own stunts despite what the supermarket tabloids claim how movies intentionally shape political sensibilities both in america and abroad and why fifteen year olds dictate the kind of low grade fare that has flooded screens across the country epstein also offers incisive profiles of the pioneers including louis b mayer who helped build hollywood and introduces us to the visionaries walt disney akio morita rupert murdoch steve ross sumner redstone david sarnoff power brokers who by dint of innovation and deception created and control the media that mold our lives if you are interested in hollywood today and the complex and fascinating way it has evolved in order to survive you haven t seen the big picture until you ve read the big picture

the screenwriter s path takes a comprehensive approach to learning how to write a screenplay allowing the writer to use it as both a reference and a guide in constructing a script a tenured professor of screenwriting at emerson college in boston author diane lake has 20 years experience writing screenplays for major studios and was a co writer of the academy award winning film frida the book sets out a unique approach to story structure and characterization that takes writers step by step to a completed screenplay and it is full of practical advice on what to do with the finished script to get it seen by the right people by demystifying the process of writing a screenplay lake empowers any writer to bring their vision to the screen

media pilgrimage has become a booming business in the 21st century fans of television shows rock groups and books flock to places associated with their favorite series artist or writer trying to embody and perhaps understand what inspired the beloved piece of work and more importantly to cobble together their own personal identity seeking meaning in an ever more divergent and fast paced world at the same time participation in organized group activities are dropping one of the largest down turns in the us and the uk can be seen in the steep decline of attendance at traditional religious venues this trend dovetails with the radical uptick in on line sites dedicated to pop culture and celebrities as well as an array of niche focused real time tours allowing fans to experience the spaces places and scenery featured in their favorite entertainment medium the secular religion of fandom pop culture pilgrim examines the function of fandom specifically the visiting of spaces which have been recently deemed worthy of sanctification and a newly elevated status of importance it examines how such pilgrimages are used as a means for forming and maintaining a common language of culture creating a replacement apparatus based on more traditional frameworks of religious worship and salvation while becoming an ever more dominant mechanism for constructing individuality and finding belonging in a commodified culture looking at television shows such as the walking dead and game of thrones bands like the stone roses and joy division and authors like j k rowling and the brontë sisters the secular religion of fandom pop culture pilgrim delves into these issues by examining spaces fan communities and rituals providing a unique and provocative investigation into how technology media and humanistic need for guidance are forming novel ways of expressing value forging self and finding significance in an uncertain world

with candor and insight the chairman and ceo of the walt disney company describes his successes his well known failures and the principles that have guided his career 16 pp of photos 464 pp
